AVAILABLE WITH PINK SIDE PANELS!

One-year warranty on machine and two-year warranty on parts

# DURALAM INTEGRA

## 27" ECO LOAD LAMINATOR

The all NEW Duralam Integra ECO-Load Laminator is feature packed! We all know how valuable time is to schools – Duralam Integra shines with 5 minute warm up and capacity to handle up to 1000' rolls of 1.5 mil or 1.7 mil – double the roll length; half the load time! Industry first -variable auto-shut off function (1 hour, 3 hour or bypass). Safety switches on all key components and hidden adjustable tension control for that extra piece of mind. Other outstanding features include variable speed with an ultra slow speed setting for easy feeding of small flash cards, book marks etc., for less wastage. Start, Stop, Reverse and safety stop buttons on integrated control panel are conveniently located. Extra long 13' power cord and rear slide cutter finishes off this smart packaged design. Upgrade your purchase with available options: extended warranty plans, safety power lock, rolling cart with bottom shelf and locking castors, footage counter and premium low melt films.

OPTION of pink or grey end panels.
